FS06.2-1: Food Safety Objectives		Revision: 02
		Effective date : 21 January 2026
Document Owner: Top Management		Approver(s): Patrick Gathara
Organization: Tunga Nutrition Uganda		Process: All Sections

Tunga Nutrition Uganda Limited is committed to the manufacture and supply of safe, high-quality animal feed products that consistently meet customer expectations and applicable statutory & regulatory requirements.

This is in line with Nutreco shared values – in particular, our value of integrity – and our dedication to helping build a more sustainable industry through our purpose of Feeding the Future.

Top Management establishes food safety objectives to drive the implementation of the Food Safety Policy and reinforce its commitments throughout the organization. The regular setting, monitoring and review of objectives ensures effective control of food safety risks and continual improvement of the Food Safety Management System (FSMS).

Outlined below are the FSMS objectives established by Tunga:

1. Regulatory Compliance

Achieve and maintain 100% compliance with all applicable statutory, regulatory, customer, and other food safety requirements relevant to Tunga’s animal feed manufacturing operations.

2. FSMS Implementation and Certification

Implement and maintain an effective Food Safety Management System in line with ISO 22000:2018 and achieve certification through an accredited certification body.

3. Supplier Evaluation Performance

Complete at least 85% of planned supplier evaluations within the defined period to ensure suppliers consistently meet specified food safety requirements.

4. Traceability Performance

Achieve and maintain a minimum of 90% traceability of materials from receipt through initial product dispatch, verified through traceability checks.

5. Training and Competence of Personnel

Ensure that 100% of personnel performing food safety–related activities are trained and competent in accordance with FSMS requirements.
